

Mission Update 2007

Josh Missions year started with a trip to Nigeria. Ministering in 2 Universities: The University of Ilorin and Olabisi Onabanjo University Ago Iwoye. We had a great time strengthen the camous students in their Faith.

I went on this trip with Apostle Mark Omonze and Prophet Ope Olusanya in Ago Iwoye the Lord lead us to relay foundations in the area of Intimacy with God and raise the bar in people's relationship with God. There was a strong anointing and we say people released in their giftings and ministries. We saw God meet people at the points of their needs. God used us to challenge the gathering of believers to look to God for all things.

In Ilorin, we came against a very strong spirit that was counter to the Spirit of God. There was also a lukewarmness in the fellowship we were ministering too. The first night we saw 3/4 of the people gather recieve the Holy Spirit for the first time with the evidence of speaking in tongues. The next night was a night of instruction and a night of release. Ministering along side us that day was a Minister called Steve Tope Oladimeji of Revolution Ministries who has a successful Campus ministry in OAU Ife campus.

Finally I ministered in one of the Kingsword churches in Ikeja Lagos, the Snr Pastor Nuel Manufor was our host and we had a wild time in God's presence. I preached on Unstopping the Wells and the Pursuit of Purpose
