

Follow the Course

All the elements in creation

Follow their normal course

The Sun does not refuse to shine

The Moon does not refuse to come forth

The Stars shine each night

Amazingly they all follow the designed course of direction

We are God's creation.

Do we follow our divine course of direction?

Do we inquire of the Lord for direction?

When He reveals His direction

Do we take time to follow that direction?

Abraham in Canaan,

Moses back to Egypt,

Jeremiah to the potter's house,

The disciples into the city for the donkey

Jarius home to his daughter.

Let us take heed to the leading of the Lord.

You are unique and special and God has a plan for your life.

We fall over sometimes yes,

But the Holy Spirit is there to lead us back on the right path.

So, follow your divine course.
